AMENDMENT NUMBER ____

TO THE

OFFICIAL PLAN

FOR THE

TOWN OF LINCOLN

PART 1 – THE PREAMBLE

1.1 TITLE

This Amendment shall be known as Amendment Number ____ to the Official Plan of the Town of Lincoln.

1.2 COMPONENTS

This Amendment consists of the explanatory text. The preamble does not constitute part of the actual amendment but is included as background information.

1.3 PURPOSE

The purpose of the Amendment is to amend the parkland dedication and cash in lieu of parkland dedication policies to align with changes to Sections 42, 51.1 and 53 of the Planning Act. The amendment also amends the policies to permit the use of the alternative parkland dedication rates as provided for in Section 42.

1.4 BASIS OF THE AMENDMENT

Section 42 of the *Planning Act* directs municipalities with respect to the conveyance of land for parks or other public recreational purposes as part of the approval of a development application. The contribution can be in the form of a land conveyance to the Town for the development of a park and/or the payment of cash in lieu of land to be used to acquire land for parks and other recreational facilities.

Parkland dedication is a tool used by municipalities to acquire land for parks and/or provide funding for new parks and recreational facilities as the Town continues to grow. Parks are critical to support a healthy community. As the Town continues to grow, so does the pressure on Town parks. If the Town does not continue to expand and upgrade its parks, there will be an overall deficiency in parkland as the existing park system cannot support the growth anticipated in the community.

The *More Homes Built Faster Act, 2022* included amendments to Section 42 of the *Planning Act* relating to parkland dedication and cash in lieu of parkland. Although the Official Plan currently contains policies regarding the dedication or cash in lieu of parkland, the current

policies do not align with the changes to the *Planning Act* included in the *More Homes Built Faster Act, 2022*. As a result, it is necessary to update the policies to align with the changes to the *Planning Act*.

Section 42 provides for the use of alternative requirements for the dedication of land for parks purposes. The current Official Plan polices do set out criteria for the use of alternative parkland dedication requirements, however, to make use of the new provisions of Section 42, it is necessary for the Town to update the polices in the Official Plan as well as adopt a new parkland dedication and cash in lieu of parkland by-law.

Section 42 requires the consideration of lands that could include part of an abutting parcel, lands subject to an easement, lands which are encumbered by below grade infrastructure such as an underground parking garage, or privately owned public space (POPS). Although this provision of Section 42 is not yet in force, this Amendment to the Official Plan anticipates it by including conditions for the acceptance of these types of land in order for the Town to determine the appropriateness of accepting them since any refusal by the Town to accept those lands can be appealed to the OLT. This will ensure that when those changes come into effect, that the Town has the appropriate policies in its Official Plan to guide its decisions.

The policies of this Amendment which implement specific amendments to Section 42 of the *Planning Act* made by the *More Homes Built Faster Act, 2022* shall come into effect when those amendments are proclaimed into force.
